Class Ranking

Class rank is evaluated based on a letter written and submitted by the headmaster or principal of the institution from which the student graduated. The letter must confirm both the student's final position in the student's secondary school class and the total number of students in the graduating class (e.g. the student is 41st in a total graduating class of 112 students).

Post-Secondary Education

Students will be charged terms of attendance and considered transfer students if they have enrolled as a regular student and attended one or more courses at any of the types of institutions listed below (may not be all inclusive) or any other institution that requires proof of high school graduation as a pre-requisite for admission (subject to review on a case-by-case basis).

GPA Calculation – needs review

Calculate the cumulative high school GPA by converting line-by-line all final grades listed on the Ministry of Education *Relevé de Notes* (or *Relevé des Apprentissages*) for Secondary IV and V (Grades 10 and 11) to US equivalents, then convert to quality points. Weight each course according to the chart below using the credit assigned on the *Relevé de Notes*.

Crediting - Secondary IV and V/Grade 10 and 11

2	.375
1	.25

For students who have attended CEGEP, calculate their secondary school GPA by converting grades for Secondary IV and V (Grades 10 and 11) as indicated above. Then, also calculate the CEGEP GPA by converting line-by-line all final grades listed on the Ministry of Education transcript for CEGEP programs to US equivalents, then convert to quality points. Weight each course according to the chart below using the credit assigned on the Ministry of Education transcript. Combine the quality points and credits from the student's Secondary IV and V (Grades 10 and 11) from above with the quality points and credits from CEGEP. Divide total quality points by total credits for the cumulative high school GPA calculation.
